

POOL BOYS: PRESS QUOTES 2019

“When you hear the band’s first single, “Millennial Morse Code,” it’s easy to see why they’ve become a sought-after opening act. The song has a pleasant, nonplussed surf rock vibe that’s periodically broken up by even more satisfying bursts of piercing guitars and complex harmonies. **It’s also a shockingly polished product for such a young group – one that establishes them as one of the city’s most exciting new bands.**”

“From the start, Pool Boys’ balance of energy and power has been different... With wit and insight, Pool Boys weave their way through a tapestry of melodies, sharp-fanged, dissonant riffs and complex harmony. Overall, Pool Boys’ songs are well-polished.”

“Pool Boys’ “Millennial Morse Code” drifts out in a sea of blue, inhabiting both rough tumbles, rugged waves of grunge, sealed with the soft, gentle kiss of sunshine...Playful and inquisitive, the beauty is in the details.”
